Hearing Dog, Branson and his deaf owner Antony Sabin are setting out on their 3rd sponsored walk for their charity 'Hearing Dogs for Deaf People' through the Yorkshire Dales. They will be walking through the Yorkshire Dales between 26th Sept & 5th October and invite you to join them on one or all of the days. They have together so far raised around £20,000 on their previous two walks, enough to train four more hearing dogs.

Antony Sabin says of Branson:

Since he became part of my life, he has changed it. He alerts me to the telephone and doorbell and has become a much loved companion. Branson and I enjoy these walks, it means we can make a difference to other deaf peoples lives by raising money for hearing dogs for other deaf people. They also provide a physical and mental stimulus for me as the years go by.
